DRAWERS | 抽屉

ANTARO SERIES

Sharp in look, easy to adjust and in reasonable price. Antaro is our main player when it comes to drawer planning. This model is used both in white and dark grey color. With low and high drawers we are able to compose both base cabinets as well as tall space towers.

PULL-OUT BASKETS | 拉篮

FOR COLUMNS AND BASE UNITS

Efficient storage in a kitchen is represented by PULL-OUT baskets that can be smoothly moved towards you serving a clear insight into all kinds of kitchen products or utensils. We use renowned brand KESSEBÖHMER as a main provider of pull-outs for tall columns and base cabinets.

CONVOY LAVIDO_for 600 columns

KITCHEN TOWER_for 450 / 600 base cabinets

TURN MOTION_for 600 columns overhead

TANDEM SIDE_for 450/600 columns doors

DISPENSA 90_for 300-400 columns

TANDEM_for 600 columns

NO.15_narrow basket for 150mm cabinets

COOKING AGENT_300mm cabinets

COOKING AGENT_400mm cabinets

CORNER BASKETS | 转角拉篮

FOR CORNERS

Corner cabinets can be utilized by a special baskets that you can pull out of the unreachable corner areas. We provide 2 most efficient solutions in 2 price levels. LEMANS - most advanced product 180 TRAYS - simplified product

LE MANS_ for 900-1000mm corner cabinet

180 TRAYS_ for 900mm corner cabinets

PULL DOWN BASKETS | 升降拉篮

FOR HIGH STORAGE

Pull down baskets are the hardware that allows to drop down objects stored in the hanging cabinets. Both I-MOVE na PEGASUS have soft close and open mechanism for smooth operation.

I MOVE_ for 500 / 600 / 800/ 900 mm cabinets

PEGASUS_ for 900 mm top cabinets

LIFTS | 上翻门

FOR CLEAR INSIGHT

All the lift mechanisms aim to give us better insight into top and bottom cabinets without doors disruption. There are 3 main methods of lifts opening and 3 leading brands providing the most advanced lifting hardware.

AVENTOS HKTOP_lift up single door (optionally with TIP-ON mode)

AVENTOS HL_parallel lift up single door (optionally with SERVO-DRIVE mode)

AVENTOS HF_folded double door (optionally with SERVO-DRIVE mode)

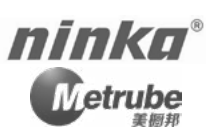

LAMP HGS_lift up/down small door

IF KIARO_high-end lift down (optionally with TIP-ON mode)

DUSTBINS | 垃圾桶

GARBAGE SEGRAGATION

Most effective way nowadays is to store garbage segregated in specially designed pull out dustbins. We provide 2 main solutions. Segragators with drawer slides and segragators behind a hinged door, usually under a sink.

PULL-OUT DUSTBIN_for 400/600 mm cabinet H=310MM

PULL-OUT DUSTBIN_for 400 door cabinet H=330mm_2 x 18L

PULL-OUT DUSTBIN_for 450mm H=570mm_2 x 27L

POCKET DOORS | 插入门

EXPOSED WHEN YOU WANT TO

Pocket door cabinet allows us to totally expose column cabinet interior without doors disruption. Both doors after opening slide into the pockets to disappear and let us freely use cabinet interior. As a standard we provide bottom drawer cabinet, 3 shelves, led lighting and power socket.

POCKET DOORS_for multiple columns

POCKET DOORS_for 1200 columns

POCKET DOORS _ sequence of 3 x 1200mm units

HINGES | 铰链

SMOOTH OPENING

We use four main standards for hinges relaying on two leading brands. Although same functions, each hinge has a slightly different performance.
